Tel : 03 95722211

Dear Patients:

Thank you for participating in the questionnaire we recently conducted in order to collect feedback from our patients.

We have now completed our analysis of the feedback and would like to share some of the significant findings with you.

Overall, we found that:

- most of our patients are happy with the level of healthcare they receive at our practice
- most of our patients are happy with the service they receive from our administration/ reception staff
- there are several ways we can improve the level of healthcare we provide
- there are several ways we can improve the service that our reception staff members provide

We are very pleased to report that most patients rated the following aspects of our practice as ‘very good’ or ‘excellent’:

- *Helps with the patient’s ability to make appointments with their doctor of choice*
- *Consultation and waiting area comfort*
- *Telephone access to doctors/nurses.*
- *The practice’s clinicians show great respect and treat our patients with respect, ability to listen and confidence in ability*
- *Able to express concerns/fears*
- *Staff keep information privately*
- *The practice’s patients are satisfied with their consultations overall.*

The feedback also indicated areas that we can improve, including:

- *obtaining a home/other visit*

- *Patient wait times*
- *After- hour services*

We would like to tell you about some of the changes we are going to make as a direct result of the feedback we received from you and other patients.

The following changes will be made at the practice:

- We have internal message system, a Doctors what's up group chat and regular practice meeting to improve communications
- Review doctor's time management, Reception staff to ask patients when making an appointment if longer is required or if there is more than one patient to be seen.
- Doctors are available over the phone for urgent enquires. URGENT CALLS are attended to immediately by the doctor. Non urgent calls are made as telephone consultations with the doctors of your choices. If you need to discuss anything with the doctor an appointment should be made to see them in person or telehealth.
- After hour arrangements
- Advertising to recruit doctors

We will give you more information about any further changes so you can see how your feedback is helping us improve.

Thank you again for your valuable contribution. Please call us on **03- 95722211** or fill the **Feedback Form** if you have any questions regarding the feedback.

We look forward to continuing to provide you with quality healthcare.

Yours faithfully,

The GPs and staff members at Carnegie and Malvern Medical Centre.
